

## **Used Oil Recycling Block Grant Resolution Details and Samples**

### **Fiscal Year 2005/2006 (11<sup>th</sup> Cycle)**

#### **Background**

The California Oil Recycling Enhancement Act – AB 2076 (Act) (Sher, Statutes of 1991, Chapter 817) mandates the California Integrated Waste Management Board (CIWMB) to provide annual Used Oil Recycling Block Grants (Block Grants) to local governments for establishing local collection programs that encourage recycling of used oil. Because Block Grants are not competitive, local governments need only submit a timely, completed application package, and meet the program's eligibility and reporting requirements to receive a grant.

#### **Grant Term**

The term of the grant is July 1, 2005 through June 30, 2008, pending receipt of a Notice to Proceed.

#### **Regional Programs**

Cities or counties may join together in a regional program. A regional lead jurisdiction must be designated to act on behalf of all participating jurisdictions (see below for information regarding authorization documentation). The lead jurisdiction will be the Grantee and will be responsible for the performance of the grant and all required documentation. The CIWMB will direct all official correspondence and grant payments to the lead jurisdiction. If a jurisdiction is a participant in a regional program, it may not apply individually.

**Regional Lead:** The approved resolution must authorize the jurisdiction to act as a lead for a regional program. The application must include authorization letters from participating jurisdictions authorizing the applicant to act on their behalf for this cycle.

**Regional Participant:** Provides a letter of authorization authorizing the lead jurisdiction to act on its behalf for this cycle. This letter must be dated within the last 12 months.

Jurisdictions participating in a Joint Powers Authority (JPA) may designate the JPA as their regional lead jurisdiction if the JPA agreement involves or includes solid and/or hazardous waste management (see below for information regarding authorization documentation).

For a regional program administered by a JPA, the CIWMB staff will determine grant eligibility and award amounts based on the total population and territory of only the participating jurisdictions.

#### **Approved Resolution**

An approved resolution(s) must be included with the application. The resolution(s) may be:

A) a dated blanket resolution with an indicated time period for the submittal of all CIWMB grants, all Used Oil and Household Hazardous Waste Grants, or all Used Oil Block Grants only and which must include June 30, 2005, but may not be for more than 5 years:

- Examples of variable 5-year ranges: FY 2001/2002 through FY 2006/2007; FY 2002/2003 through 2007/2008; FY 2003/2004 through 2008/2009; FY 2004/2005 through FY 2009/2010 or FY 2005/2006 through FY 2010/2011.

Or;

B) only for this Used Oil Block Grant (11<sup>th</sup> cycle) FY 2005/2006

A previously submitted resolution will only be acceptable if it is valid for Used Oil Grant applications through at least June 30, 2005, and if a copy is submitted with this application.

There are two resolution options, depending upon the type of application you submit:

1. Individual Applicant – For a city or county applying alone.
2. Regional Applicant – For a city or county applying as a lead jurisdiction for at least one other jurisdiction. Joint Powers Authorities are considered regional applicants if given authority by its participating jurisdictions.

(Sample resolutions are available on the CIWMB's website at [www.ciwmb.ca.gov/usedoil/grants/block](http://www.ciwmb.ca.gov/usedoil/grants/block)). **These samples are provided for guidance purposes only. Consult your attorney.**

*[Note: Cities may submit an authorization letter in lieu of a resolution – see following page for sample authorization letters.]*

## **AUTHORIZATION LETTER INFORMATION**

There are two authorization letter options for regional and JPA participants. The jurisdiction may use either letter. The letter must be signed by the jurisdiction's agency representative with decision-making program authority. The options are:

- **Specific Authorization Letter:** Gives authorization to a lead jurisdiction for the Used Oil Block Grant FY 2005-2006 (11<sup>th</sup>) cycle; *OR*
- **Blanket Authorization Letter:** Gives authorization to a lead jurisdiction for all Used Oil and HHW grants for one State of California fiscal year (a twelve month period beginning with the month of July through the month of June). The Blanket Authorization Letter must be submitted to the lead jurisdiction. In turn, the lead jurisdiction will keep it on file and will submit a copy with **each** application for that particular State of California fiscal year. For example, if your jurisdiction is a member of a JPA and plans on participating in three types of grants (Used Oil Block Grants, Used Oil Opportunity Grants, and Household Hazardous Waste Grants) with the JPA, then you only need to send in a single Blanket Authorization letter to the JPA rather than three separate letters. The JPA lead will submit a copy of the letter with each of the grant applications to the CIWMB for that particular State of California fiscal year.

### ***NOTE ON CHANGES TO AUTHORIZATION REQUIREMENTS FOR JPA'S***

In the past, a copy of the JPA agreement was sufficient to identify the participants in the grant application. However, a JPA agreement may include members who do not want to participate in a given grant application. Therefore, authorization letters or resolutions from participating jurisdictions are required in place of the JPA agreement. You do not need to submit a copy of the JPA agreement.
